Daily Colonist.

TUESDAY MORNING, APRIL 13TH, 1880.

L. P. FISHER, 20 and 21 New Merchants Exchange, is our authorised Agent in San Francisco.

THE MISSION.

On Sunday we showed that the mission of the Attorney-General to Ottawa was ostensibly caused by the action of his government in having, on the 10th of July, 1876, drawn on the Dominion Government for the sum of $139,522.10, on account of monies expended for cement, machinery and cofferdam work. The draft was dishonored—sent back with the ominous words "no funds" written across its face. On the 13th November, after repeated urging, the Dominion Government passed an order in council declaring the subsidy in aid of dock construction to be a loan and not a grant; and on the 20th of December following they demanded that they should be allowed to retain the annual subsidy as security for dock construction. In plain terms, they absolutely, unequivocally and sensibly decided that the $250,000 to be paid over by them on dock account should not be consumed in liquidating old scores. What they want is a graving dock—not a lot of rotten cement, useless machinery and a wormeaten cofferdam which the Attorney-General has himself asserted in the House "would tumble to pieces as soon as the water had been pumped out." This last demand, the result of his own bungling in July, in having drawn for the sum $139,000 and odd to recoup the Province for monies already expended on dock account, it is claimed, rendered the trip to Ottawa necessary. And when he got there what did he do? Swallowed the dispatch of the 19th of July, draft and all, and denied—actually denied, with official proof to the contrary in the hands of the Ministers!—that *"the Provincial Government have (n)ever desired to accept any part of the $250,000 in liquidation of such past expenditure."* Why the dispatch of the 19th July failed to appear in its proper place among the graving dock dispatches will be now readily understood. It explains a matter the Government would fain have covered up. Without having it before him the reader would be unable to grasp the subject. Accordingly, we have dug it out of the Public Works report for future reference. It will be remembered that the Premier and his hand-organ have always asserted that the drydock grant was a gift and not a loan; and that *The Colonist* was equally pronounced in asserting that there was an absence of documentary evidence in support of that contention. We now find that as late as the 13th November last the Dominion Government took the same view as ourselves, since on that date an order in council was issued authorizing the advance of $250,000 to be charged as a debt against the Province. If we erred we erred in good company. That the Dominion Government were induced to regard it as a grant is due, we are informed, almost entirely to the efforts of Mr. DeCosmos, the Premier's time while at Ottawa being occupied in conducting a case in which the Province had not the remotest interest.

AN OLD SCORE.

The Provincial Government are entitled to praise for resisting payment of an old account—amounting to £6,240 19s. 10d.—being half the cost incurred by the Imperial Government in erecting Race Rocks and Fisgard lighthouses. The claim dates back to the old colonial days of 1858, when "Good Sir JAMES" was Governor and British Columbia and Vancouver Island were separate colonies. The claim has slumbered for fifteen years. Governor DOUGLAS proposed that the two colonies should bear an equal share of the cost. Governor SEYMOUR on the part of the Mainland objected, and the Assembly of the Island threw out a money-vote proposed by Governor KENNEDY for the same object. Since then the claim has snored in the pigeon-holes of Downing street. Lately it has been revived, and the colonial office now demands payment. This Government resists and submits the correspondence to the House, which will probably refer the Imperial authorities to the Ottawa Government, which took over the lighthouses with the Province, and bound itself to pay all our indebtedness.

[Per Steamer George E. Starr.]

The shipbuilders and shipowners of St. John, N.B., at a meeting held yesterday afternoon resolved to petition the Government for a drawback of $1.15 per ton instead of 50c., as at present allowed. The meeting was non-political.

Coal oil has been discovered in large quantities in Cape Breton.

The attack on Hon. Geo. Brown was dastardly and cowardly. His superior strength enabled him to seize his assailant, wrest the pistol from his grasp and hold him until assistance arrived, when he was secured. The wound is slight and Mr. Brown is recovering rapidly.

Entirely Recovered.

NEW YORK CITY, June 16th, 1879.

H. H. WARNER & Co.—GENTLEMEN:—I hereby certify that my wife has been using Warner's Safe Kidney and Liver Cure for Bright's Disease, and she is now entirely recovered. When all physicians' remedies failed she was induced to try your remedy, and received beneficial results from the first bottle. After taking four bottles she was entirely cured. Yours truly,

City Landing.

TO THE EDITOR OF THE COLONIST:—Sir:—A communication on this subject from Mr. G. C. Walker appeared in the *Standard* of 6th inst. Mr. Walker therein takes umbrage at the action of the City Council in applying to the Local Legislature for a private bill to enable them to open up Yates street to the water front, by obtaining from Mr. Yates water frontage in line of the street; the City to give in exchange the present space allotted for a public landing and which lies out of the line of Yates street.

To quote from Mr. Walker's letter, he thinks "it is certainly the duty of the citizens and taxpayers to see that the government are not misled in regard to the facts of the case." In this desire I am quite in accord with Mr. Walker: and through the medium of your columns now supply to the public facts and particulars in connection with the public landing.

The project of the exchange of the site of the landing has been a subject of negotiation extending over a lengthened period; and has met with the approval and endorsement of several Councils. During the term in which Mr. J. S. Drummond was Mayor the Municipal Council thought it desirable to have Yates street opened up to the water. Mayor Drummond requested me to submit to Mr. Yates the wish of the City Council, and to ask him to give a portion of his water frontage at the foot of Yates street in exchange for the public landing. Mr. Yates agreed to the request of the City Council, and I intimated in writing his assent. The City Council in February 1878, in reply, wrote to me that they were prepared to make the exchange, and to receive 25 feet water frontage at foot of Yates street. After some further negotiation the City Council in June, 1878, definitely accepted Mr. Yates' offer of 25 feet; and the clerk intimated such acceptance in writing to Messrs. Drake and Jackson who were at the time acting for Mr. Yates in the matter. The City Surveyor was instructed to make out plans for the conveyances. From June to December 1878 I continuously requested the City Surveyor to have the plans made out in order to have the conveyances completed: and being unable to obtain the plans I instructed Messrs. Drake and Jackson to urge the Council to have the exchange effected.

In reply to Drake and Jackson's letter, the City Council in December, 1878, passed a further resolution to make the exchange. Subsequent to this period the City Barrister gave the opinion that the Municipal Council had not the power to make the exchange with Mr. Yates; but would require to obtain for such purpose a private bill passed through the Local Legislature. In accordance with this opinion, the present City Council now apply to the Local Legislature for a private bill to enable them to carry out the repeatedly arranged exchange.

The foregoing explanations and particulars are "facts" which are respectfully commended to citizens and taxpayers whom the parties to this contract have no desire to "mislead."

Mr. Walker further says that "the principal objection to the exchange is on account of the rocks on the Yates property extending so far into the harbor that there will be no room for boats to lie out of the way of vessels;" also, that "the lot owned by the City is every way suitable having a smooth beach to high water mark." The best answer that can be given to readers of these assertions is, "go and see for yourselves." An examination of the localities will not corroborate the statements of Mr. Walker; and as that gentleman's probity is beyond question the conviction will be formed that he has not intelligently examined the respective sites. The Yates property is a bight or indent deeply recessed into the water front; and being entirely free from rocks is pre-eminently suitable for the purposes of a public landing. The present site of the City landing is very rocky. No controversy need exist on this subject; for a rock is too solid an argument to be disputed even by Capt Walker!

The exchange was in the first instance asked by the City and granted by Mr Yates. Mr. Yates has laid out his water-front property in terms of the transfer. I have his instructions to proceed with the erection of substantial stone and brick buildings on the exchange being legally made. No groundless obstacles should be made to delay expenditure and City improvement.

The City Council have formally and repeatedly made an engagement with Mr. Yates. He relies upon a fulfilment of the arranged transfer, and I feel assured that in doing so he carries with him the support alike of the Government, citizens and taxpayers.

ALEX. B. GRAY,
Agent for James Yates.

TO THE EDITOR OF THE COLONIST:—Sir—I heartily approve of the suggestion you have made, that the Superintendent of Education should be forced to take his place with the teachers and submit to an examination into his educational attainments. Why should Mr. Mackenzie, because he attaches "B.A." like a kite-tail to his name, be exempt from establishing his fitness as a teacher any more than the holders of certificates from institutions of learning elsewhere? Because he is a Cambridge graduate is not evidence that he is a competent teacher or a good scholar. Pattison wrote—

"Many a lad returns from school,
A Latin, Greek, and Hebrew fool;
In arts and knowledge still a block,
Tho' deeply skill'd in *hic hæc hoc.*"

I add my own experience to Pattison's when I say that some of the most unsuccessful teachers in Canada have been university graduates.

THE ELECTIONS.

Early Resignation of Beaconsfield.

ENGLAND.

LONDON, April 10.—The Liberal net gain is now 94 seats.

The *Times* this morning says that the Queen is expected to arrive in England by the end of next month. We may therefore expect that a very few days will see the formal close of Beaconsfield's administration. At Lord Beaconsfield's age it is probable that his active career is over and that he will not again wield power. His career has been an eminent one, and by a great majority of his countrymen will not fail to be regarded with the respect due one of the most distinguished statesmen. The articles concludes: "If Gladstone remains outside of the ministry it will be impossible to constitute it on a thoroughly stable basis." The *Times* estimates that the Liberals in the House will number about 340, and home rulers from 60 to 65. The Conservatives can hardly count on more than 250. The Liberals will thus find their position in the new Parliament nearly the same as that of the present Government in the late Parliament.

At a sitting of the Liberal Executive Committee yesterday a deputation was appointed to proceed to Hawarden to urge Gladstone to consent to a public reception in London. The Chancellor of the Exchequer has had a prolonged interview with Beaconsfield, who has also been visited by Cranbrook, Secretary for India. It is stated that on the return to London of the Home Secretary and the Secretary of War a cabinet council will be held.

John Somerset Packington (Lord Hamilton) is dead. He was in his 83rd year.

The election of the Marquis of Hartington, Liberal leader, and Grafton, Liberal, for Northeast Lancashire, is a Liberal gain of two seats.

The Marquis of Hartington had already been returned from Rednorthburg. His election to-day for Northeast Lancashire, together with that of Grafton, defeats the Conservative candidates, Mr. Chamberlain Starkie, member of the last House and M. F. Encowd. The poll stood as follows: Lord Hartington, Liberal, 5523, Encowd, Conservative, 5185.

LONDON, April 10.—South Ireland re-elects Sullivan, Home ruler, in place of George H, Kirk, Liberal. Lord Edward Cavendish, brother of the Marquis of Hartington, is chosen for Derbyshire north in place of Augustus P. Arkwright, Conservative. Mayor Gray, of Dublin, Home rule, is elected for Carlow.

DELAYED DISPATCHES.

EASTERN STATES.

NEW YORK, April 8.—Thurlow Tweed is out in opposition to Grant's nomination.

EUROPE.

PARIS, April 8.—A dispatch to Premier DeFreycinet from the French consul at Singapore reports that a Frenchman on a mission to Sumatra has been assassinated with two companions.

BERLIN, April 8.—The emperor has replied by the following cabinet order to Bismarck's request for permission to retire from office:—"I certainly do not ignore the difficulties in which you may be placed by a conflict between the duties imposed upon you by the constitution and your responsibility. I do not feel inclined to relieve you of your office because you believe yourself unable in a particular case to carry out the task allotted you by the constitution. I must, on the contrary, leave it to you to submit to me, and subsequently to the Bundesrath proposals, calculated to bring about a constitutional solution of the conflict of duties of this description."

ST. PETERSBURG, April 8.—Prince Orloff will soon return to Paris.

PARIS, April 8.—A letter from Prince Jerome Napoleon, implying utter disavowal of the section of Bonapartists represented by Paul de Cassagnac, is likely to lead to a rupture of clerical and non-clerical Bonapartists.

Prince Jerome Napoleon's letter on the subject of decrees against religious societies is fatal to any idea of a vote of censure in the senate on the cabinet forever, if conservative republicans are willing to join the royalists in such division. The Bonapartist senators could not now do so without openly rebelling against their chief.

PARIS, April 7.—*Le Pays* expresses the opinion that Prince Jerome Napoleon, in writing the letter just published, committed irreparable mistakes. It exclaims, "If that is the empire offerred to us we reject it with scorn,"

A PROPOS.—Civil Engineers require Endless Drawing Paper mounted and unmounted; Whatman's Cold and Hot Pressed Paper; Tracing Cloth and Paper; Profile Paper, Mathematical Instruments; Windsor and Newton's Moist and Dry Colors; Sable and Camel Hair Brushes; Indian Ink, Liquid and Dry; T Squares, Artist's Pencils, Parallel Rulers, Protractor's Mapping Pens, Surveyor's Scales in Ivory and Boxwood, Pocket Compasses, Field Books, etc. We have them all. * T. * THE WHITE HOUSE, GOV'T ST.

BUSH-FIRES.—As the summer season is approaching it may be well to remind the public that by the provisions of a Municipal by-law passed in 1862, "no person or persons shall make a bonfire in any of the public streets or thoroughfares at any time, nor have any fire burning out of doors after sunset within the limits of the city." The penalty for the violation of this by-law is a fine not exceeding $50. The object of the measure, we imagine, is to provide against false fire alarms and to make provision for due notification to the Fire Department in the event of persons desiring to burn brush or other material not within the cognizance of a fire insurance company.

PUGET SOUND.—The farm house of H. Helverson on Snoqualimie Prairie was burned on the 7th inst., with all their clothing, furniture and money. Helverson was badly burned.... The farm house of S. P. Willis on White river was totally destroyed by fire on the night of the 6th inst. and Mr. Willis was badly burned. Loss, $2000.... On Sauk river 25 cents to the pan has been obtained from the top-dirt. Ruby creek is all staked off.

MARINE—The bark Homeward arrived in Royal Roads at 3 o'clock on Sunday afternoon from San Francisco, and left soon afterwards for Burrard Inlet in tow of the steamer Alexander, to load lumber at Hastings Mill. The bark Henry Buck from San Francisco for Nanaimo, there to load coal for the Alaska Commercial Co., arrived in Royal Roads yesterday.

THIRD PROVINCIAL LEGISLATURE.

THIRD SESSION.

MONDAY, April 12.

Mr. Speaker took the chair at 2 p.m.

PETITIONS.

Mr. Wilson presented a petition from the City Council of Victoria praying the Provincial Government to urge upon the Dominion Government the construction of the Island railway. The petition was read.

Mr. Ash presented a petition from residents of Comox with reference to damage done to certain roads in that district and asked that it be taken into consideration with a bill about to be introduced.

Mr. Wilson presented a petition from the creditors of Messrs. Reed Bros & Co., contractors for the cofferdam at Esquimalt.

Mr. Smithe presented the first report from the Standing Committee on Private Bills and Standing Orders.

Hon. Mr. Walkem formally presented to the House the papers relative to his mission to Ottawa and the drydock at Esquimalt. The hon. gentleman said that whilst on his feet he would ask Mr. Speaker to hear him on a question of privilege. It had come to his knowledge that several hon. members of the House entertained the idea that he was occupying the seat in the House in violation of the existing laws. He begged to inform Mr. Speaker and the House that such was not the case. (Laughter.)

Hon. Mr. Humphreys presented a return of bonds deposited by civil servants in the employ of the Provincial Government.

DRAWBACK ON MALT.

Mr. McIlmoyl moved for an address to the Dominion Government representing the necessity of reconsidering the Order in Council of December, 1879, granting a drawback of one cent per pound on malt imported into the Dominion of Canada, with a view to rescind the said order, as its effect is most disastrous to the agriculturists of this Province.

The motion was seconded by Mr. Helgesen and carried.

Mr. Drummond moved that a Select Committee be appointed to visit the Victoria Gaol, Royal Hospital, and Public Schools, to report to the House upon their condition and management, such committee to consist of Messrs. Ash, Abrams, McGillivary, E. Brown, Helgesen, and Drummond. The hon. member, whilst moving the resolution, said that he would like to have a separate committee for visiting the Public Schools.

Hon. Mr. Walkem suggested that the member for Victoria City amend his motion if he desired a separate committee.

The motion was seconded by Mr. Gallagher.

Mr. Wilson said that there was a great difference between a lunatic asylum, a gaol and a public school, and he thought it would be well if his colleague would subdivide the committee instead of asking the House to pass the motion in a lump.

On division the motion was carried.

Mr. Harris moved for copies of all correspondence between the Government and the Dominion, respecting a fish breeding establishment in New Westminster district.

The motion was seconded by Mr. E. Brown and carried.

Mr. McGillivray moved for copies of all papers or correspondence between the Government and E. L. Derby, or any other person or persons, relating in any way to the "Sumas Dyking Act, 1878," from the 1st day of March, 1879, to date.

Seconded by Mr. Harris and carried.

NEW BILLS.

Mr. W. M. Brown asked leave to introduce a bill intituled "An Act to amend the Fence Act, 1879." Carried.

Mr. Wilson moved hat a Select Committee be appointed to enquire into and report to the House as to the ownership of the property from McClure street west toward James' Bay Bridge, Victoria. The hon. gentleman said that although the property in question, which was situated at the head of James' Bay, had been fenced in by a private citizen it in reality belonged to the Government.

The motion was seconded by Hon. Mr. Beaven.

Mr. Mara said that it seemed to him strange that the House should be asked to inquire into the title of private property.

Hon. Mr. Walkem whilst regretting that the mover of the resolution had not placed it in distinct language, said that he was given to understand that the property really belonged to the Crown and explained to the House that the Statute of Limitation, whilst holding good against a private individual, would not and did not in this case run against the King or the Crown.

Mr. Smithe contended that as a private title was involved in the matter, the motion was out of order.

After a discussion the motion was carried.

Hon. Mr. Humphreys laid before the House papers relating to the claim made by the Imperial Government for re-payment of advances made to the colonies of British Columbia and Vancouver Island for the construction of lighthouses.

Mr. Bennett moved for, before the estimates for the year are brought down, copies of all correspondence between the late John Ussher, Esq., and relating to a to a contract to construct a waggon road between the Tranquille River and Kamloops, entered into between the said George Newlove and the late Government.

The Chief Commissioner said that the proper method for the hon. gentleman to pursue would be to call at the Lands and Works office and peruse the correspondence relating to the matter. To the best of his belief the late Mr. Ussher had reported strongly against Mr. Newlove's claim.

Hon. Mr. Humphreys objected to the words "before the estimates are sent down" inasmuch as their insertion might prevent the Government from ever bringing down the estimates in the event of the correspondence having been lost or mislaid.

After discussion the motion was dropped.

Mr. Vernon moved for copies of all correspondence between the Provincial Government and Mr. Sproat, sole Indian Reserve Commissioner, in connection with the setting aside of lands of Indian Reservations.

Hon. Mr. Walkem said that the correspondence was voluminous, but it was an astounding fact that the late Government had endorsed every action of Mr. Sproat in Kamloops district—had approved of the whole of that gentleman's transactions, apparently without consideration, to the great inconvenience of the present Government. The motion was carried.

Mr. Smithe asked the Provincial Secretary—Has any list of voters for the district of Cassiar been received by the Government? If such list has been received why has it not been published?

Hon. Mr. Humphreys replied in the negative.

Mr. Wilson asked the Chief Commissioner of Lands and Works whether the statement of account between Reed Bros. & Co., and the Government, published in his last annual report, is accepted as correct by Reed Bros. & Co.? If so, whether the sum of $3,632, 65½ owing by Reed Bros. & Co., to this Government on 30th November, 1879, has been paid? If the published statement of account is disputed by Reed Bros. & Co., whether they have presented their account to the Government?

On the application of Hon. Mr. Walkem the questions were allowed to stand over.

On motion of the Attorney General the Lieut.-Governor and His Deputies Bill was read a third time.

On motion of the Attorney General the Graving Dock Bill was read a first time. Second reading to-morrow.

Mr. Mara asked that the list of tenders be laid before the House to-morrow with the Graving Dock Bill. He thought the House should be in possession of that information before the bill is read a second time.

Hon. Mr. Walkem objected. It would be improper to place the names before the House until the bill is passed. Members would be exposed to influences that would be very unpleasant. The contract will not be signed until submitted to the House.

Mr. Ash expressed his surprise that any hesitation should be shown by the Government as to giving the House figures and information with regard to the tenders for the dock inasmuch as the papers placed before the House showed that the contract had been awarded to Messrs. McNamee & Co. He hoped the stability of the contract had not been impaired by the Attorney General who, it was stated, when at Ottawa, was not the Chief Commissioner of Lands and Works.

Mr. Smithe said that no possible harm could result from the production of the figures asked for. He would be the last man to ask for any information which could in any manner imperil the progress of the drydock.

Hon. Mr. Walkem said that the tender of Mr. McNamee was accepted by him subject to the approval of the Dominion Government. Although absent from the Province at the time he awarded the contract. He was Chief Commissioner and nobody else, just as much as he would be if he took a trip to Cariboo. Mr. Speaker, although absent from the Chair, was Speaker of the House notwithstanding that somebody else might be performing his duties for the time being. He hoped that this explanation would set at rest the anxiety of the hon. member for Comox on this score.

Hon. Mr. Walkem moved the second reading of a bill respecting affidavits, declarations and affirmations made out of the Province for use therein.

The motion was carried and the bill having been committed, with Mr. Gallagher in the chair, was reported complete and set down for a third reading to-morrow.

Hon. Mr. Walkem moved the second reading of an Act to Amend the Registration of Births, Deaths and Marriages' Act, 1872. The hon. gentleman explained that the bill was based on recommendations made by the Registrar-General, and had for its aim the obtainment of vital statistics which would be fuller and more reliable than those which had been compiled heretofore.

The motion was carried, and the bill committed with Mr. W. M. Brown in the Chair.

Dr. Ash said the bills sent from British Columbia to Ottawa were made there the subject of ridicule. That was notorious. The Attorney-General should see that the bills were properly drawn. (Hear.) The bills were discreditable.

The committee rose and reported the bill complete with amendments.

PRIVATE BILLS.

Mr. Cowan asked leave to introduce a bill reported from Private Bills Committee granting certain water privileges to I. B. Nason and others.

Dr. Ash objected, as proper notice had not been given.

Mr. Beaven and Mr. Humphreys were sure that the proper course had been followed.

Mr. Mara thought that ten days' notice was necessary.

Mr. Speaker quoted a precedent in support of the regularity of the proceedings of Mr. Cowan.

Dr. Ash strenuously held that the objection was well taken, and the precedent quoted was not *apropos*.

Mr. Walkem supported the position taken by the member for Comox, whose objection was thereupon sustained and the bill went over.

The bills of sale registration bill was read a third time and passed.

RAILWAY LANDS RESERVATION BILL.

Dr. Ash wanted to receive some information as to the reservation of railway lands. The Island had suffered greatly from the reservation of lands along the east coast, and the Government should be in a position to give some information as to the lands proposed to be surrended. He had heard that worthless land would not be taken by the Dominion Government, but land taken elsewhere instead.

The bill was read a first time.

EXECUTIVE.

The Executive Council Bill was read a third time.

ANIMALS AND BIRDS.

The Bill to amend the game laws was committed, Mr. Harris in the Chair.

The Bill provides that it shall not be lawful for persons having game in protected districts to escape from penalties on the plea that they were brought from unprotected districts in the Province or elsewhere.

Mr. Wilson asked if imported game was to be covered by this bill, such as jackass rabbits (laughter). Would it not prevent the sale of potted game if imported?

The clause was passed and reported complete.

The House then adjourned till Tuesday at 2 p. m.

NOTICES OF MOTION.

Mr. Vernon—For a Select Committee to enquire into the manner in which the administration of justice has been carried on during the past year.

The Railway.

A deputation from the Anti-Chinese Association, consisting of Messrs. Shakespeare, McFahermie, Tuckfield and Tyson, waited on Mr. Onderdonk with the view of ascertaining from that gentleman his ideas as to the class of labor he will employ in the prosecution of the important work assigned to him. Mr. Onderdonk assured the deputation that it is his intention to give white labor the preference in all cases, and that having exhausted the white laboring classes of this Province he will, if necessity compels him, fall back on the French Canadians of the Eastern Provinces. Should he be unable to obtain a sufficiency of white labor he will, with reluctance, engage Indians and Chinese. It is thought, however, before the middle of June the prosecution of railway work will afford employment to at least 3000 white men.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thomas Robinson, Farnham Centre, P. Q., writes "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper, West Shefford, P. Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horse in cases of cuts, wounds, etc., and think it is equally as good for horses as for man."—A Maybee, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public "one of the best medicines ever used;" it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, Township Percy, writes, "I was persuaded to try Dr. Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other.* Sold by all medicine dealers. Price 25 cents. A Notable Cure.

EAST ORANGE, N. J., Oct. 8th, 1877.

Some three months ago I found myself suffering with Bright's disease—Albuminuria. By the use of a reliable test I found albumen in the urine, and in some slight degree in a few instances in a coagulated state. I suffered from dropsy, particularly about the ankles, slight pains about the kidneys, a derangement of digestion, great dryness of the skin, and at times much thirst, and of course gradual failing of strength. This was about the state of things when I commenced using the Safe Kidney and Liver Cure. I took about six tablespoonfuls every day for one week, when I found all my symptoms decidedly improved, and at the end of two weeks it was difficult to detect any trace of albumen. Having imprudently taken cold I had a very slight relapse some two weeks ago, when I began again using the medicine and am now as well as ever.

THE BEST IN THE WORLD.

EXPOSITION UNIVERSELLE DE 1878.

LE JURY INTERNATIONAL DES RECOMPENSES.

DECERNE UN GRAND PRIX.

a Messieurs WHEELER ET WILSON (Etats-Unis)

PARIS, 8th November, 1878.

I have examined the official list of awards at the Universal Exposition, as published by the French authorities, and find that only one grand prize was awarded for Sewing Machines; that was given to the Wheeler & Wilson Co., of New York.

The Grand Gold Medal and Diploma were delivered to me at the Palais de l'Industry, Oct. 21st, and by me at once given to the representative of that Company at the Exposition. (Signed) R. C. McCORMICK, Commissioner General.

"Of all the Machines we tested, the Wheeler & Wilson New Machine was the most completely successful, failing in nothing that was given it."

FRED. A. PAGET,
(One of the Centennial Judges of Sewing Machines. From his report to the English Government.)

"We do not hesitate to declare it the Best Sewing Apparatus in the World."—(Unanimous report of the Judges of American Institute.)

AWARDED THE ONLY GRAND PRIZE FOR SEWING MACHINES AT THE PARIS EXPOSITION, 1878, OVER 80 COMPETITORS.

SUPERIOR IN POINT OF	SUPERIOR IN
Speed, Durability, Precision, Ease of Operations, Regularity, Strength and Beauty of Stitch.	Range of Work, Facility of Management, Perfection of Construction, And Elegance of Finish.

THE WHEELER & WILSON No. 8 SEWING MACHINE stands to-day as the embodiment and refinement of over a quarter of a century's persistent and persevering improvements, and as a specimen of American ingenuity and skill in the adaptation of means to ends is unrivalled.

THE MACHINES (Family and Manufacturing) and samples of their work are to be seen at

THE WHITE HOUSE.

Mechanics are invited to examine these Peerless Machines before purchasing any other. JAMES HUTCHESON, Agent for British Columbia.

(Formerly "Dr. Craig's Kidney Cure,")

Is a Vegetable Preparation which is the *only cure remedy in the world for Bright's Disease and Diabetes*, and is equally effective in all other diseases of the Kidney, Liver and Urinary Organs, and disorders caused by these.

Two compounds: For the cure of Diabetes call for **Safe Diabetes Cure**, and for the cure of Bright's and the other diseases call for **Safe Kidney and Liver Cure.** Price, $2.00 a Bottle.

TESTIMONIALS.

The Rev. J. E. RANKIN, D.D., of Washington, D. C., certifies that he has known of several "permanent cures of diseases of the kidneys and urinary organs" by the use of the Safe Kidney and Liver Cure, and adds "I do not doubt that it has great virtue." D. W. BARTINE, M. D., D. D., of East Orange, N. J., certifies that it cured him of Bright's Disease in two weeks. Rev. C. A. HARVEY, D. D., Secretary of Howard University, certifies: "I am convinced that no remedy heretofore used or described can be held for one moment in comparison with this." E. W. NEFF, 102 Bagg Street, Detroit, Mich., certifies that it completely cured him of a chronic liver complaint after numerous other remedies had failed. These are abbreviated sample testimonials.

Prof. GREEN, an eminent allopathic physician of the South, recommended in the Medical Record that all physicians administer this remedy for Kidney Diseases in preference to any thing else. R. CAULKINS, M. D., of Rochester, N. Y., says he would prescribe the remedy to all whose Kidneys and Livers are badly affected. The Richmond and Louisville *Medical Journal* said it had done more for the cure of Kidney Diseases than any other remedy.

☞ Warner's Safe Bitters, Safe Tonic, Safe Pills and Safe Nervine are also superior remedies, unequalled in their respective fields of disease.

Warner's Safe Remedies are sold by Druggists and Medicine Dealers generally throughout the country. Send for Pamphlet and Testimonials.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.
